

## How To Install and Uninstall *SiP*

### ***To Install SiP***

1. If you are installing **SiP** Standard Edition and previously installed the Evaluation Edition, uninstall the Evaluation Edition before proceeding.
2. Download the file to a directory of your choice.
3. Use Windows Explorer (Win7) or File Explorer (Win 10) to locate the file named sip???.exe; for example, sip03S.exe.
4. Double click on the sip???.exe file to run it.
5. Follow the on-screen instructions.

### ***To Uninstall SiP***

#### ***If the "normal" installation procedure was used:***

1. In Windows 7:

Click Start > Control Panel > Programs and Features then double-click the Sipxx item and follow the on screen instructions.

2. In Windows 10

Click Start > Settings > Apps > SiPxx > Uninstall.

#### ***If the "Portable Model" installation procedure was used:***

1. Use Windows Explorer (Win 7) or File Explorer (Win 10) to locate the directory (folder) SiPxx.
2. Delete the directory (folder) and all of its contents.

**CAUTION:** If you stored your inventory files in this directory (folder) they also will be deleted.
